

Invitation to a People's Emergency Briefing on the Climate and Nature Crises in Addingham

Last November leading scientists and other experts presented a **National Emergency Briefing** on the climate and nature crises we face to parliamentarians, peers, business leaders, and faith leaders in Westminster.

Now as part of a national series of local events **we will be hosting a briefing here in Addingham on Friday 3rd July in the Memorial Hall, from 7.30 – 9.30 pm.**

It will include the screening of a **50-minute film** and a discussion of the steps we might take as a village to tackle these crises. A trailer of the film is available [here](#).

We would like to invite you to take part in the event. And bring a friend or colleague.
